Hey Rafael,

Nice job!

There is a QA! I probably should have put that up too, huh? I'm attaching it here, and will post it, too.

Hello team:

This being my first extended SUUM, I had a few questions, such as how to insert my signature. Also, if there are ways to better organize the data, if there is a QA form, and whether the data lock I used is what is needed and/or appropriate.
